Project Drivers

Project Purpose

This exercise is designed to determine the candidates versatility and comfort when dealing with multiple technologies. The evaluation process will focus more on the overall design of the solution, its reliability, code elegance and fool profeness, as well as the candidates ability to navigate, debug and change code on the fly (demonstrated during the presentation).

Client & Stakeholders

Costa Vorontsov	Client
Tom Gould	Client
Brightsites	Stakeholder

Project Constraints

Project Management

Project Approach

Project Planning

Project Issues

Open Issues

Off-the-shelf solutions

Reusable Components

Risks

Technical Development

Functional Requirements

Scope of the Work

Business Use Case (BUC) scenarios

Business Data Model & Data Dictionary

Data Model

Data Dictionary

ERD

Non-Functional Requirements

Appearance and style requirements

Usability

Performance Requirements

Operational Requirements

Security

Legal Requirements

Releases

Release Name	Value it adds	Scope	Status	Completed date
			<div>TO DO / IN PROGRESS</div> <div>/ BLOCKED /</div> <div>WAITING FOR FEEDBACK</div> <div>/ DONE</div>	27 May 2021
